**Subject:** Exemplary Faculty - An invitation to assist new faculty

Hello,

Every year the Centre for Teaching and Learning ask for names of outstanding teachers to assist new faculty. You have been identified as an exemplary classroom teacher by administrators in your school. As such, I would like to invite you to participate in an important part of the Teaching Excellence Program (TEP) for new probationary faculty. Each new teacher is required to visit and observe several classes. The purpose is to expose new faculty to a variety of excellent teaching methodologies and for them to be inspired by the diversity and richness of the teaching talent here at Humber.

The plan is to provide the new faculty with a list of names who are willing to allow a visitor to class. The new faculty member would make contact ahead of time to ensure that the class is appropriate and convenient for the teacher being visited. I would expect that no one on the list would be approached more than two or three times. We are hoping to have a substantial list of exemplary for new faculty to choose from.

If you would be willing to have your name on the list please respond to this e-mail. It would be wonderful if you could identify any special methodologies (group work, case studies, contract learning, ipads, digital, games, peer-to-peer etc.) that you would be willing to share. We hope to distribute the list to the new faculty relatively soon, so I would appreciate a reply by Friday, September 27<sup>th</sup>.

Thank you in advance for your consideration.

Eileen
